

Emergency Medical Services Operating Fund Annual Report 2016

Emergency Medical Services Operating Fund

The Mississippi Emergency Medical Services Operating Fund (EMSOF) was established in 1982 through legislation that added \$5 to fines assessed statewide on hazardous moving traffic violations. The funds are then distributed per capita to eligible governmental units (cities, counties, EMS districts) for local level EMS support. BEMS has administered the EMSOF since its establishment.

BEMS makes disbursements annually upon request from each governmental unit. According to law, these distributions must be used *in addition* to existing annual emergency medical services budgets of the governmental units.

Collections in fiscal year 2016 totaled \$1,800,000 and disbursements of \$1,685,660 were distributed to two eligible EMS districts, 9 eligible municipalities and 66 eligible counties.

EMSOF Disbursements

The criteria used for determining priority for local expenditures follow:

- Basic Life Support – To increase the availability and/or improve the quality of basic ambulance service as described in Sections 41-59-1 through 41-59-49 of the Mississippi Code of 1972 as amended.

- Advanced Life Support – To increase the availability and/or improve the quality of advanced life support services as defined in Sections 41-60-11 through 49-60-13 of the Mississippi Code of 1972 as amended.
- Regionalization – To support or increase support for the establishment, administration, and/or expansion of EMS districts as defined in Sections 41-59-51 through 41-59-59 of the Mississippi Code of 1972 as amended.

The total collections since 1983 are \$51,647,762; disbursements since 1984 are \$44,384,158. In 2016, use of the EMSOF disbursements is categorized below.
